'Newsham News'

Dear Parents and Carers,

Welcome to this week's edition of Newsham News. As ever, life at school is amazing, as many of you will have seen from the various Facebook posts, website updates and Tapestry if your child is in our Early Years Unit. The children are enjoying learning through a variety of themes, topics and activities and are showing us just how well they are working within the Newsham 7R's. There are still lots of events and activities to look forward to as we journey through this term towards the next holiday, so make sure you keep up to date with all that is posted on different platforms.

As we begin getting ready to celebrate the Queen's Platinum Jubilee, Northumberland Day and Sports Day, excitement is rising. I am really looking forward to seeing different constructions of scarecrows created by each class and families to celebrate all that is good about our beautiful county. I think there will be some awe-inspiring moments when they are all on display.

There are some interesting times ahead as we move into the next academic year and I know Mrs Armstrong and Mr Jones have written about what is happening for them and the changes in their roles. Now it is my turn to share my news with you all. From September, I will be working in my current job as SENDCo and Deputy Headteacher three days a week, rather than five to support my own gradual move towards retirement in the future. At the moment, I feel that this change is exciting and daunting in equal measure not least because Newsham Primary is a huge part of my life and is very special to me. I absolutely love working here and being part of this special family. Having worked in many different areas of the country and different schools in the past, I know just how brilliant you all are (parents, children and everyone in the wider community). I am looking forward to exciting times ahead at Newsham Primary for a while yet and know that we can always rely on your support and friendship.

Kind regards,

Mrs Elton
