

Newsham Primary Journey to Excellence

Match the French numbers (1-20) to their digits. Write the digit above each word. Ladder 2.

	_____		_____
	onze		seize
_____		_____	
quinze		neuf	
	_____		_____
	douze		six
	_____	_____	
	quatorze	dix-neuf	
		_____	_____
		deux	
	vingt		
_____	_____	_____	
	dix-sept		dix
	un		quatre
_____	_____	_____	
treize	sept		
dix-huit	trois		cinq

If you get to here, you are a **‘Responsible’** learner, and you are **‘Ready’** for Love of Learning
French Ladder 2

Extra challenge. What is another way to make neuf using numbers? Which French number is exactly in the middle between **douze** and **dix-huit**? What is the largest odd number? Can you say them both in French? If you line up all the numbers from **un** to vingt, which numbers come before and after treize? Say the three numbers together in French. Do you know what zero is in French?

Identify numbers beyond 20 and begin to spell them using a spelling technique.

Children may need help with spellings. Can they create/use a safe phone number and read it in French?

Identify numbers 1-20

Why is dix an important number when learning to count beyond ten?

Identify numbers 1-15

Children may need help with spelling; encourage them to pronounce French numbers accurately before spelling.

Identify numbers 1-10

Amazing; you are on to Ladder 3! Remember, keep sessions short and fun.
Children could explore songs and rhymes using online software to help them remember!
