

Multiplication Tables Check

- In the summer term, all Year 4 pupils complete a multiplication check
 - 25 questions
 - Up to 12×12 , with particular focus on the 6,7,8,9 and 12 times tables
 - 6 seconds to see and write the answer
-
- An example of the check is shown [here](#)

TT Rockstars

- We have got TT Rockstars to help
- But it only helps if it is used....
-and used well

Gigs

- All children will have done a 'gig'.
- Gig games last 5 minutes
- They contain up to 100 questions, which come in 'waves', starting with the 10s, then the 2s, 5s, 3s, 4s, 8s, 6s, 7s, 9s, 11s and 12s.
- This gives us a baseline score
- They will complete another 'gig' in six weeks at school
- We are going to send you the results and how much time they have practised

Garage

- Algorithms generate the questions based on how quickly and how accurately they have completed Gigs.
- If they only got the 10s right, their questions will be a mixture of 10s and 2s. The questions will get harder as they get better.
- [This is how it works](#)

➤ MTC PREP SCHEDULE ✕

SEPTEMBER

GARAGE
(mins per week)
21

21 minutes a week is the magic number for achieving top MTC scores.

*The OUMTC is our own mini MTC and it is in semi test conditions. It will give you a good idea of how your students will perform on the real thing. Take part in three OUMTCs throughout the year to give you a baseline, benchmark and time to respond to the results

Making it fun

- We are going to create Rock Battles
- But for now....
- Make it a daily habit.
- Read every day.....TT Rockstars every day.
